

All-Consuming Fire

Written by Shai Linne

Verse 1

God's wrath is a perfection for which He should be adored
A passion for this message: yes it needs to be restored
He has holy reflexes towards the evil He abhors
Cats who don't respect Him will receive His lethal sword
The mass prefers the pleasures that sin easily affords
Our blasphemous affections are the reason we're at war
We should be in awe, His sweetness should keep us floored
Sin's radical infection is the reason we get bored
Repeatedly we snore, He's frequently ignored
We explore evil lusts leaving us greedy for more
The Master's recollection of our evil He records
We have zero protection because He is keeping score
It's bad for every section, there's no passing His inspection
Because we're lacking the perfection that we need to be secure
Everlasting dissection: the unbeliever's reward
Disaster for rejection of the truth- Jesus is Lord!

Chorus

God is an all-consuming fire
Burning away all false desires soon
He's gonna burn it away, the holy furnace will blaze
Eternal the days, Somebody come on
They're longing for mountains and rocks to be falling
Please don't refuse the One who's calling you
He's calling you, He's warning you
Whatcha gonna do? Somebody come on

Verse 2

The Lord is speaking through His prophecies and all of His commands
Unequaled in His qualities, He's awesome and He's grand
He's regal and His policies are gloriously planed
He's peeping the idolatry that's all over the land
How people in society ignore the Son of Man
By seeking their autonomy, they are caught in a trance
But He will put a stop to the evil and apostasy,
The devious hypocrisy, the fallenness of man
We're teaching you theology so y'all can understand

According His plans: the slaughter of the damned
Unspeakable reality to fall into His hands
No sequels, it's finality and awful is the span
No weeping or apologies, no sneakiness or bribery
will keep the Lord from honoring His law and its demands
We're pieces of His pottery- He causes us to stand
His people see Him properly- exalted is the Lamb!

Chorus

Verse 3

In the Bible, God's wrath- we see it openly explained
So mindful of its gravity, this poetry is plain
A frightful catastrophe, His foes will be in pain
Stifled, their anatomy and souls will be sustained
Recycled supernaturally and locally contained
The spiteful would be glad to see God's potency restrained
Noticeably profane, they're supposed to be ashamed
They joke like it's a game, they're woefully deranged
Maniacal, they're actually opposed to Jesus' reign
His rightful mastery of the whole of His domain
Not tribal, but massively and globally ordained
He died to make us happily devoted to His fame
His rivals with their strategies, the prideful with their apathy
Their idols and their blasphemies will only see the flames
Denial of His majesty is totally insane
The title of His masterpiece is "Holy is His name"!

Chorus

Refrain

God's wrath is coming, God's wrath is coming!
Christ is coming on the clouds, see the crowds running!
God's wrath is coming, God's wrath is coming!
Behold the Lamb in His might and the sight is stunning!
God's wrath is coming, God's wrath is coming!
All the wicked will be punished at the final judgment!
God's wrath is coming, God's wrath is coming!
He's gonna vindicate His name at the second coming!

Faithful God

Written by Shai Linne and Chris Lee Cobbins

Chorus

Who is like You? You're the Faithful One
Lord, You saved us when you gave your Son
And You keep us so we will not fall
You're faithful, God

We're so thankful we can call you Friend
You redeemed us and made us whole again
You're the only one we know to call
You're so faithful, God

Bridge

You are faithful, never changing
From age to age, you remain the same and
Your steadfast love endures forever

Verse 1

Father God we come now before You
We were made to bow down and adore You
We're filled with thankfulness because of Your faithfulness
To Your Word and we've found that it's all true
To Your face, Lord, we turn in amazement
In Your grace, You determined to save men
From sin's consequence because of Your promises
In Jesus Christ, which are "yes" and they're "amen"
When Adam sinned, You provided a covering
You heard Israel cry in their suffering
You brought them out of the land with Your powerful hand
Lord, You're truly the God of the covenant
Even though You dropped clues, they were missing it
From here, we can see the true significance
All Your acts of might were shadows and types
To point ahead to a future deliverance
From the things You say, You don't budge
You're faithful to save and You're faithful to judge
The God who is just is not one of us
The faithful God is the God we can trust
We can't trust us, on You we rely

Everything we need, Lord, You will supply
Even when we're faithless, You remain faithful
You cannot deny Yourself

Chorus

Bridge

Verse 2

Lord, thanks for Your grace and Your favor
Your faithfulness we've tasted and savored
Your love and care for us is most clear to us
when we're beholding the face of the Savior
The Human race as a whole was infected
But for those You have chosen, elected
You made a promise and it was accomplished when
The chief cornerstone was rejected
We see Him dying on the cross for our evil
Where He appeared to be soft and feeble
In actuality, He holds the galaxies
in His hands- He's exalted and regal
When we believed, You were faithful to save us
And that means You'll be faithful to change us
And the Spirit of Jesus will keep us 'til
You make us holy and blameless
From the things You say, You don't budge
You're faithful to save and You're faithful to judge
The God who is just became one of us
The faithful God is the God we can trust
We can't trust us- on You we rely
Everything we need, Lord, You will supply
Even when we're faithless, You remain faithful
You cannot deny Yourself

Judge of All The Earth

Written by Shai Linne

Verse 1

Tune in with concentration as we resume the conversation
The loftiest thoughts conceivable for human contemplation
Trying to search the mysteries of the divine is real deep
And when it comes to the nature of God, at times we still sleep
We must risk people tuning us out as we discuss this
The topic on the table for reflection? God's Justice
The Scriptures are clear: salvation belongs to God alone
And that righteousness and justice are the foundation of His throne
He's the priceless gift and treasure, all life exists for His pleasure
And He is the standard by which all righteousness should be measured
All human judges fail- no need to share the statistics
But God judges perfectly due to His characteristics
First, He's omniscient, so He never lacks information
Secondly, His understanding: it has no limitations
Plus He knows the thoughts and all the motives behind them
And no one could ever go hide in a place where the Sovereign LORD cannot find them
When passing a sentence, He has the power of execution
The proper retribution for our private revolutions
And He's in the position to smash us for our treason
No one'll be copping pleas when God dispatches all His legions
To execute the sentence on resolute defendants
Who rejected the truth because they never knew repentance
And those who stood against the Great I Am and His Anointed
When God judges the nations through the Man He has appointed

Chorus

The Judge of all the earth shall do right
The Judge of all the earth shall do right
He is good and His ways are just
Worthy of our faith and trust
The Judge of all the earth shall do right

Verse 2

As we continue to consider this particular perfection
Let's take a second to address a few misconceptions
When many think of God they assume His love is a must
That's true, but it doesn't negate the fact that God is just

So when we say this, they'll wanna take us off the play list
But God is never under obligation to be gracious
See, justice and mercy are two separate categories
And God is the one who chooses which way He'll have His glory
The choices The Holy One certainly can't be faulted
In punishing the guilty, His righteousness is exalted
He also rewards the righteous, we kind of/ sort of like this
The problem of course is that nobody who's born is righteous
Because of Adam's descendants are inherently filthy
That's problematic for a God who will not clear the guilty
If God is gonna save us and demonstrate what His love is
It must be in a manner that's consistent with His justice
Jesus Christ, The Righteous One, the perfect solution
Proving that God is just on the basis of substitution
Perfect obedience, consecration without a flaw
Yet, on the cross He suffered the condemnation of the law
So now God is able to be just and the justifier
Of all who turn from their sin and place their trust in Messiah
The resurrected Lord is our infinite treasure truly
He gives us new eyes to see His justice in all its beauty!

Chorus

Lord of Patience

Written by Shai Linne and Melissa Thorpe

Verse 1

Heavenly Father, we come to You in the name of Jesus
It's because of His righteousness that we pray You receive this
Lord, you're holy, we shouldn't even be in Your presence
Due to our sin, we don't deserve the least of Your blessings
But through the cross and believing that Jesus is risen
Even the worst of sinners can be redeemed and forgiven
I'm living proof when I say this and these are truthful statements
You're beautiful when displaying Your unusual patience
You take the blasphemous- pridefully stuck in our blindness
Instead of smashing us, decided to love us with kindness
Even with unbelievers facing Your terror, You slow up
Like when You waited patiently in the era of Noah
We know that with You, a day is just like a thousand years
So does that mean for every sin, You cry a thousand tears?
Who can record Your graces? Adored through scores of ages
Your reward is the nations, for You are the Lord of patience

Chorus

Our Sovereign God, You are
The Lord of Patience, yeah
Your wrath, Oh God, we deserve
Christ has taken, yeah

Gracious God, You are
Slow to anger, yeah
You're Lord of patience and
You love us patiently

Verse 2

Lord, we worship You, we know that everything we owe You
And when we reflect on the time before we came to know You
How we were unbelievers committing tons of treason
We had a hundred reasons why we wouldn't come to Jesus
But they were all excuses because our thoughts were useless
That's what the dark produces, Father, You already knew this
We were foolish and clueless, just as ruthless as Judas
Who knew that You would choose to pursue us and move to woo us

So after waiting with patience as we would run from You
You activated our faith so that we would come to You
Your law exposed our sin so that we would know the danger
And take refuge in the Holy Savior who's slow to anger
And as our teary eyes beheld the cross of our King
We understood the true meaning of long-suffering
Who can record Your graces? Adored through scores of ages
Your reward is the nations, for You are the Lord of patience

Chorus

Verse 3

**And now that we're in Christ, the thing that is amazing to us
Is that You still continue to display Your patience to us
Through all our stumbles and falls and our idolatry
Through all our grumbling and all of our hypocrisy**
Our self-righteousness, with brothers and sisters we're hostile
Our unforgiveness- all because we're just missing the gospel
We should be slow to anger, but Your Word- we're slow to hear it
Oh Father, help us please! We truly need Your Holy Spirit!
He is the only Person who can shape this fruit within us
We praise the risen Savior who is able to present us
Without an ounce of blame, with zero doubt or shame
Lord Jesus, down You came from heaven to announce Your reign
In the hearts of Your people, and now we have the truth
And gladly choose to praise You for all of Your attributes
Who can record Your graces? Adored through scores of ages
Your reward is the nations, for You are the Lord of patience

Chorus

Mercy and Grace

Written by Shai Linne and Timothy Brindle

Verse 1 (Shai Linne)

I gotta say this, God is gracious
That's not just a doctrine statement, but my heartfelt proclamation
Of a God who saves men without obligation
From sin's domination and the bonds of Satan
Nobody sins in moderation
That's obvious from our evil thoughts to our conversation
We were dead, we needed more than an operation
We had to be brought out the grave and made alive, awakened
It's quite amazing how in salvation
Each person of the Trinity contributes like a compilation
The Father elected me, Jesus bled for me
And regeneration is the Holy Spirit's confirmation
So we repent of our abominations
Consecration to the God who's exalted above the constellations
The observation of the congregation is
God is gracious with a lot of patience, so we gotta praise Him!

Chorus

We'll forever praise His mercy and grace
Praise the Lord for His mercy and grace
His mercy and grace
And Christ took the curse in our place
Praise the Lord for His mercy and grace (repeat)

Verse 2 (Shai Linne)

When I speak of God's mercy, I'm speaking of His tendency
To tenderly express empathy towards His enemies
Whether it be mentally or outright obscenity
We effectively deserve hell for our enmity
Adam left a legacy of sin, since we share in his pedigree
We therefore share in his destiny
If God didn't intervene, we'd all perish eventually
In His great mercy, He gave us the remedy
Christ lived sinlessly, then He paid the penalty
His assassination was public like John Kennedy
Rose on the third day, exalted to the heavenlies
Repent and see your sins will be deleted from His memory

Gain a new identity, eternal serenity
Now it's clear we should "volunteer" like Tennessee
To spread His fame endlessly, the message is essentially
A merciful God sent His Son to set sinners free!

Chorus

Verse 3 (Timothy Brindle)

In mercy, Christ saw our wretched condition
But instead of giving us death for our sinning
In grace, His blood paid the debt that's infinite
Now resurrected with Christ and blessed because we're in Him
Mercy: Christ turned the Father's anger
Grace: Christ earned us all His favor
And since Christ kept the precepts of the law
Because of His perfection, we're accepted by God!
Real righteousness He gladly gives us
The Father happily lavishes this
Instead of filthy rags, our Dad's forgiveness
The ultimate story of rags to riches!
His grace displayed in saving the worst men
Behold, God's riches of grace are a Person (Jesus)
Christ, the fountain abounding in His grace
Over my foul sin and mountains of mistakes
In pleasure He's immeasurably gracious
Now we're seated with Jesus in the heavenly places
Plus His Spirit's the strength that will change Tim
He daily gives the grace of sanctification
Forever we'll praise the I Am
Who gave us grace in the Lamb before the ages began
So Shai, with that, resume the chorus
Because of the cross, all His attributes are for us!

Chorus

Refrain

Shai: Yo Tim, that was a bangin' verse, b
Tim: Nah, remember, I'm a sinner saved by mercy
Shai: What's mercy?
Tim: It's not getting what we deserve
Because Christ already suffered the judgment and curse

But Shai, yo, you blazed it ace!

Shai: Praise God, I'm just a sinner saved by grace

Tim: Well, define grace

Shai: Our redemption price immense

Both: Grace stands for God's Riches At Christ's Expense!

Perfect Love

Written by Shai Linne and Monielle Laney

Verse 1

Now let's get straight to the topic, God's love is weighty to process
And apart from the Holy Spirit, we're unable to digest
Because man's depraved in his logic, so God's haters will mock it
But inter-trinitarian love should make us astonished
Imagine the Son enjoying the embrace of His Father
Eternally paying Him homage as He bathed in His knowledge
Equally faithful and sovereign, gracious, patient and honest
Cosmic greatness blazing with radiance- conscious
Holy Spirit also present, full display of His God-ness
No creation could watch this- it wasn't safe for their optics
What an awesome scene in heaven with all esteem and reverence
It's Psalm 16:11 as conveyed through the prophet
Overflow of joy and love, the Father made Him a promise
To give His Son a people to liberate from their bondage
So they're no longer slaves and hostages, but blameless and spotless
Consequence of eternal love- our salvation's accomplished!

Chorus

Love so perfect
Love eternally
Unchanging, Holy, Righteous Love
Transcends our understanding
But in Your nature there is perfect love
Love so perfect
Love eternally
Unchanging, Holy, Righteous Love
Transcends our understanding
But in salvation there is perfect love

Verse 2

Now it's one thing to consider God's love that's within
But how could God's love extend to men corrupted with sin?
Because we certainly don't deserve it, He's perfect and we're imperfect
What's lurking beneath the surface? His mercy and deeper purpose
Made in His likeness, installed with reminders of His law
Despite our blindness from the fall, His kindness reaches all
The fact He allows the sun to rise on this evil planet

Means that His love is such that we can't even understand it
In other words, don't let traditions fool ya, gotta let them Scriptures school ya
As a matter of fact, see how Christ reacted when it came to the rich young ruler
Love explicit, if it isn't His love, what is it
Restricting Him from inflicting His vengeance on the wicked?
Some call it common grace, but I'm inclined to state
that it's the love of God shining from a place that beyond time and space
They say, "If God is love, what's eternal torment for?"
Well, He loves the world for sure, but He loves His glory more!

Chorus

Verse 3

Perhaps the most misunderstood aspect of this subject
Would be the love of God that He expresses towards the elect
And the second some people hear that, they get mad inside
But it's a special kind of love the Husband has for His Bride
It's a love that distinguishes her and sets her apart
No other woman could ever have the same effect on His heart
Because this Groom is not adulterous, this marriage has no openness
His devotion is traced back to when the world was motionless
In love we were predestined for adoption as a son
Not for anything that we've done, check Ephesians chapter one
Look, when we lived as God's opponents, He gave His only Son for atonement
So we've got to see He can't possibly love us more than He does this moment
In love, He justified us, in love, He sanctifies us
So we don't have to jump through hoops to try to make Him like us
One thing we truly cannot fathom- we're stunned
The Father loves us with the very love He has for His Son!

Chorus

Perfection of Beauty

Written by Blair Linne

Beauty is sold in exchange for a "dime"
Nothing to attract us to You, yet we worship Your creation as fine
Captivated by its forbidden fruit
Pleasing our senses, so we suppress the truth
And eat the lie
Media's fig leaf deadening our soul and mind
Sin blinding us to You
The only objective Beauty that's truly absolute
Hidden in the symmetry of Your goodness, glory and truth
Each attribute working harmoniously
Justice with patience, wrath with graciousness
Omnipotence with humility, long-suffering with faithfulness
Each a note to a sweet melody
The ultimate hymn entitled "God's Beauty"
Immutable, no change
Because "dimes" get lost daydreaming in dark gutters
Unable to hear the call to wake up
They, the noose, dripping honeysuckle
Lips pasted on with Mac makeup
If they truly beheld Your beauty
You'd make magazines and Mattell go bankrupt
You sent Your Beloved to be lifted up
On a beautiful, seemingly ugly cross
The visible image of Your hiddenness
Only You are beautiful and yet invisible
True beauty is spiritual

Therefore, sanctify our worldly minds
Your complexion is unappealing to lustful eyes
Besides, apart from new birth in Christ
Sinners beholding Your Holy beauty would die
Therefore, beauty residing in the eye of the beholder is a lie
It is found in the Beautiful One- The Most High

Self-Sufficiency

Written by Timothy Brindle

Verse 1

Creatures, there's none awesome
Like Yahweh, the only Uncaused One
Nah, none put Him into existence, see
He always was His own sufficiency
His glory- He knows it perfectly
No need of time- He is His own eternity
True indeed, there's nothing that You would need
As a Triune, loving community
The "I AM"—tells His famous NAME
From the burning bush—the self-sustaining flame
Free in sovereignty—there's no doubtin'
He is all He needs—His own FOUNTAIN!
You need none-You're independent
Impossible for You to have discontentment
Because in Yourself—You're full of pleasure
Oh God, You are Your own Holy treasure!

Chorus

In Yourself, You have all power and might
In Yourself, You are the fountain of life
With no lack—none else can give to Thee
You're fulfilled in Your self-sufficiency

(repeat)

Verse 2

To speak of God in need would be absurd
As Tozer said, "need is a creature word"
Worthy of authentic worship
We can't add to God- He's already perfect
But Father, Spirit, Son, yes—all of You
Chose to create—just because You wanted to
Even though LORD—You don't need us
It pleased You to show Your glory to creatures
The Son—the Word of Life- He speaks forth
The Spirit—the Breath of Life- no weak force!
Of all Life—the living God is the source

So to create—He needed no resource
How we love this profound discussion
That God made all things out of nothing!
Ex Nihilo!
How may tools did You use to create? Yup, it's zero bro!
It pleased You to create, by shoutin'
Into existence every lake and mountain
And snake and falcon
Then You made human beings and with the greatest favor crowned them
You sustain all things—a gracious fountain!
Providing rain by gallons for daisies sproutin'
But all of this didn't add anything to God—
Absolutely nothing changed about Him!

Chorus

Verse 3

Yo this is hectic
Since Adam disrespected Him who is the blessed
From the life of God, we're disconnected
We turn to idols for life- we're wicked, wretched
And we're all disgusting, evil in our flesh
And God would be just to leave us in our death
And there's only One who can reconnect us
To the source of life and oh, He is precious!
The LORD can give life or choose to kill
The Lord Christ gives life to whom He will
Because, like the Father, He has life in Himself
So He is the resurrection, I'm hyper to tell
Behold the infinite love of Jehovah
For wicked, lifeless sinners—bubblin' over!
When the Author of Life done offered His life
Upon the cross- it's God slaughtered and sliced
The Immortal One became mortal to die
Born to be torn for our horrible lies,
And sexual immorality
So trade Him your death--for His Immortality
The death of death in the death of Christ
Now we live with Him in resurrection life
Now we're righteous because Christ was crushed
The Holy Spirit is Christ's life in us
By the Word of Life, we're alive and we're full
It's renewing our minds—and reviving our soul!

So come daily to the Giver of this Life
And drink deeply from His River of Delights
When making mistakes or faint in our strength
From His fulness receive grace upon grace
From lifeless idols, let's turn to Christ
Who is Himself the eternal life!

Chorus 2

In Yourself, You have all power and might
In Yourself, You are the fountain of life
Even though the Father doesn't need us
Yet to You, God, we're worth the blood of Jesus!

Chorus 3

In Yourself, You have all power and might
In Yourself, You are the fountain of life
So savor the Savior
Because to know Him is the Life we were made for!

Taste and See

Written by Shai Linne

Chorus:

If you've tasted and seen, then you know what I mean, He's GOOD!
In His nature, His love, everything that He does, He's GOOD!
Even when it gets tough, yes the Lord is enough, He's GOOD!
Yes, God makes it plain through the Lamb who was slain, He's GOOD!

Verse 1

The world is not subtle, why should we be subliminal?
When it comes to goodness, our God is at the pinnacle
If God is approving it, then it's good- that's the principle
Humanity is minimal, the Lord is the original
Fountain of benevolence, boundless in measurement
Abounding in blessedness, there's mountains of evidence
Found in the testaments, resounding these sentiments
We drown in His benefits from towns to the settlements
His goodness expressed in the natural and physical
From rocks and minerals to toxic chemicals
Stop being cynical, not trying to be traditional
But God is good all the time- no intervals
While doubters and pessimists clown what He represents
His smiles toward the penitent endowed us with better sense
Now that we've been convinced, we shout without hesitance
Crown His excellency now and forever friends!

Chorus

Verse 2

Understand God is good apart from anything He's done for me
Yet and still His goodness has blessed me abundantly
I'll try to give a summary beginning with His love for me
In sending Christ to die yes, the blood of Jesus covers me
Our years, He can make them new, our fears He's awakened to
He hears when we're praying and He's there when the payment's due
His Spirit enables you to fear Him and praise Him through
the tears, we can say it's true, He's near when we're breaking too
Whether we are suffering or living in luxury
His works toward His people are all done lovingly
They're never done stubbornly or with a hint of drudgery

Every single sunrise provides a new discovery
It's clear what He came to do- seers like Isaiah knew
He'd appear as a baby who was reared as a faithful Jew
then pierced for a shady crew, appeared in plainest view,
So here's what's we're made to do, revere Him because praise is due!

Chorus

Verse 3

Peep this and listen, the keys in the ignition
The goodness of God can be seen in His provision
In each of His decisions, He's leaving the inscription
That it's needless and grievous just to keep Him in derision
It's cool to know His goodness never changes- immutable
It's true when we can't explain this- He's inscrutable
And we are not delusional, these facts are indisputable
I know it sounds unusual, I'll show you how it's provable
Adam and Eve had freedom with one restriction
Satan deceived them, from Eden received eviction
To leave us in a greasy condition with sleazy addictions
But Jesus' afflictions frees those believing He's risen
God's goodness seen at the cross- irrefutable
On this gospel truth we will stand- immovable
And glorify God for His goodness- it's suitable
Just because it's a duty? No! Simply because He's beautiful!

Chorus

The Glory of God

Written by Shai Linne

Chorus:

Not to us, not to us
But to Your name be the glory!
(repeat)

Verse 1

Let us begin: How should we start?
Brightness shining out of the dark
It shines in our hearts, providing a spark
His might incites the light to impart
Takes us back to Genesis 1
Angels clapped, and hymns- they were sung
Face the facts- He's second to none
In the beginning positioned the sun
Up in the sky, hovering high
The light's too bright, cover your eyes
Type of sights that none can devise
This Righteous Knight is lovely and wise
It's seen in the stars
Seen in the galaxies, seen in quasars
Neptune, Uranus and Pluto and Jupiter
Mercury, Saturn and Venus and Mars
Back to the earth, it shows in the trees
Each of the leaves blows in the breeze
Locusts and bees, ocean and seas
All the result of Jehovah's decrees
Observe the way His Word creates
Preserves and shapes, determines fates
Reverberates at urgent rates
The earth- it shakes with fervent quakes!
Imagine it
I can't explain the half of it
Our brains can't even fathom it
And language is inadequate
To characterize the Lord on the throne
With spiritual eyes, His story is known
From Him and through Him and to Him is everything
Surely to God be the glory alone!

Chorus

Verse 2

Let us consider the God who is there
Possessing a glory that's not to be shared
God versus anyone- not even fair
How could you dare to try to compare
The Self-existent, Self-sufficient
Omnipotent, Beneficent
Faithful God whose Word we can trust
Perfectly Holy and perfectly just
His beauty, there's no end to it
Transcendence is infinite
Knowledge and wisdom- intricate
Steadfast love is intimate
We see in His laws- He is the Boss
Nothing about Him is evil or false
Pure perfection, zero flaws
All of His attributes meet at the cross!
The place where Jesus Christ was smashed
To satisfy God's righteous wrath
Rose from the grave on my behalf
Through faith in Christ, He lights our path
Makes believers part of His fam
How does a Holy God pardon a man?
Perhaps even harder to understand:
From the beginning was part of His plan!
Imagine it
I can't explain the half of it
Our brains can't even fathom it
And language is inadequate
To characterize the Lord on the throne
With spiritual eyes, His story is known
From Him and through Him and to Him is everything
Surely to God be the glory alone!

Chorus

The Holiness of God (Reprise)

(Adapted from Isaiah 6:6, Rev. 1:8, Ex. 15:11, 18)

Chorus 1

Holy, Holy, Holy is the LORD!
Holy, Holy, Holy is our God!
Holy, Holy, Holy is the LORD!
The whole earth is full of His glory!
Holy, Holy, Holy is the LORD!
Holy, Holy, Holy is our God!
Holy, Holy, Holy is the LORD
Who was, and is and is to come! (repeat)

Chorus 2

Who is like You, O LORD, Among the gods?
Who is like You, O LORD?
Who is like You, awesome in power!
Majestic in Holiness, working wonders every hour!
Earthly kingdoms pass away, however
The LORD shall reign forever and ever! (repeat)

Our God Is In The Heavens

Written by S. Linne and B. Davis

Chorus

Our God is in the heavens
He does whatever He pleases! (repeat)

Verse 1 (Shai Linne)

The Sovereign LORD, Great I AM recognize the name!
He's always on top of His game, a Lion that simply cannot be tamed
And no, He is not restrained at all- nobody can stop His reign
So why do the nations rage and all of the peoples plot in vain?
Their sin and offense is against His excellence and they're not ashamed
As though He's lacking the power to shackle them now in the hottest flames
And so they cock and aim- the target? His cosmic reign
That's like a kid with a super soaker trying to conquer Spain!
Man thinks he's a pugilist, trying to ball up his puny fist
At the LORD, who is ruling this
What's amusing is God just laughs, like "Who is this"?
Stupid kids who persist in foolishness
It's only by God's power you exist
Now you declare war on the LORD
When before you were born, He formed you in the uterus?
Look- Our God is in the heavens and He does all that He pleases
He's established His King in Zion and His name is Jesus!

Chorus

Verse 2 (God's Servant)

Our God is up in the heavens and the seat at His right hand
That's given to rule and reign is where Jesus the Christ lands
And He sits preeminent, He originates the right stance
Impossible for Him to fail, no there's not even a slight chance
Constructor and Conductor, leaving the men amazed and saying
"What manner of man is this that even the winds and waves obey Him?"
From His purpose of election, and to birth, to our perfection
He has ordained it and He decrees and works by His direction
He never will suffer defeat, He's precisely the Truth and the Life and the Way
So even when He died, they never took His life but He gave His life away
To see when they crucified Him, nobody had imagined it
Not only was a part of the plan to save but the climax of it

He's gonna get glory, we're created to be His instruments
His reign's inexhaustible- His rule is truly infinite

Chorus

Verse 3 (Shai Linne)

The perfections of God are not affected at all by human opinion
Everything in the universe is under His control and His rule and dominion
And there's nothing in the world that could ever come to pass at last unless He first
decreed it
If we dive in His word we can read it, see all of His purposes completed
And as hard as it seems, the heart of the king is a stream of water in His hands
With discernment you'll see God turns it where He's determined according to His plans
You gotta get a focused lens to truly understand where His control extends (everywhere)
And I know that this offends, but the truth is the grossest sins serve His ultimate ends
You might not hear it from your favorite pastor
But He made the wicked for the day of disaster
Sinners unacquainted with the way of the Master
We have to explain what is plain in the chapters
He's sovereign over creation and sovereign over salvation
Including reprobation, regeneration
I wouldn't want to say this if it wasn't based in His revelation
It's kind of stunning, men ignore His throne, the creature's lost it
The time is coming when the Lord alone will be exalted

Chorus

The Jealous One

Written by Shai Linne and Courtney Peebles

Verse 1

Ok, let's begin- let your mind roam
Our scene takes place inside of a home
The husband has just walked up the staircase
He glares into space with despair on his face
His soul is on fire, inside there's a war
That can't be denied, He stands outside the door
On the other side, His bride and her lover
Oblivious to the fact their lie has been discovered
So as they embrace and try to make haste
They have no idea what's about to take place
Gun in hand, he longs to understand
What would lead his wife into the arms of another man?
He thinks back to the day they made their vows
Before God, before the minister and the crowds
Exchange of the rings, the joy of the reception
Now a tainted memory destroyed by deception
He had been faithful to her
Now the fire of his desire got him ready to do something hateful to her
He never thought his wife would be just a faker
And that her lust would make her a covenant breaker
The promise of fidelity they made was glorious
But now His jealousy has made him furious
And they can't see the danger
No screams or pleas they make could ever ease the pain or appease his anger
He kicks open the door- they jump out of the bed
"Don't move!" is all he said, gun pointed at his head
The screams of his wife as she clutches the covers close
Her lover spoke to plead for his life
The husband says to the guy- "Look me in my eye
My face will be the last thing you see before you die"
The husband cried inside- his love was bona fide
Trouble for the bride- double homicide

Chorus

How quickly we are to break the vows we made
As our unbelief leads our hearts astray
How long before He turns His face away?

We belong to the Jealous One
We belong to the Jealous One
Whose blood bought us back, whose victory won
Our worship and praise to Him belong
The Jealous One

Verse 2

The God of the Bible who invites our trust
Must be understood to be nothing like us
Most of the time, human jealousy will hurt you
But when comes to God, His jealousy is a virtue
One of His awesome perfections surely
Thunders His law and protects His glory
He gave us the gift of the marriage relationship
to acquaint us with a faint taste of this
A wife for her husband or husband for wife
The only time jealousy is right in this life
But just as the distance is great between earth and stars
God's thoughts are much higher than ours
So His jealousy is on a whole other level
Unintelligible to the soul of a rebel
But in sacred Scripture, God paints the picture
The aim: to shake your frame- it straight convicts ya
And that's what it should do
God's jealousy is frightful, yet it's delightful and good, too
I couldn't think of much worse if I tried
than a dude who smirks if you flirt with His bride
So tell me, what kind of God would He be
If He wasn't bothered to see idolatry?
Is God just supposed to laugh and withhold His wrath
When He's replaced by a golden calf?
You say, I don't worship a golden calf!
Well for us, it's self and sex and loads of cash
Atrocious paths, we still don't know the half
Of how these things provoke His holy wrath
So we stand in awe and wonder how come
God took His jealous anger out on His Son
So all those trust Him can see like we're supposed to see
And be forgiven for our spiritual adultery!

Chorus

The Omnis

Written by S. Linne, R. Kennedy and O. Miles

Chorus (Andy Mineo)

Who is like Him? There is none
Triune, Holy three-in-one
When all is said and done
God is amazing, amazing

His power cannot be compared
Exhaustive knowledge none can share
At all times everywhere
God is amazing, amazing yeah

Verse 1- Omnipotence (Giano)

Unlimited, infinite, universal,
Self-evident, this Prince is the newest purple
Reigns suspended in glistening beauty circles
Uninhibited, through His Spirit a new reversal
No rehearsal – yeah, it's a paradox
But God's omnipotence isn't hidden behind a mega-rock
that He couldn't lift; these critics better stop
New internal physics exhibits He made the petawatt
The sun's energy, atoms within a laser
Adam needed an angle, Jesus became the center plot
Now that could be geometrically or cinema
Descartes or Demille, emphasis on the "metaphah"
Or metaphor. You get the picture
But consider the depiction of this power, is it fiction?
Does it take prophetic vision, or religion to envision?
Philosophical spiggity speculative admission?
Nah, He's God anyway, we'll never break
His code to regenerate, then create, in the face
Of death, in comprehensive grace. Meditate
Venerate this deity speaking degrees centigrade
Now that's cold ain't it, better than Joe Namath
God delivers on His promise, you can quote Jacob
Omni-Potence, Omni-Benevolence
Power, Preeminence, bow to His excellence!
Chorus

Verse 2- Omniscience (Omri)

Who can fathom His understandin' that fastened the sun to vanish
And fashioned the other planets, imagine it from His vantage
Inhabitants under famines, havin' a stomach famished
He's not missin', if it's happenin' it was managed
With God's vision; His non-endin' cognition
Called omniscience, is harassin' the under-handed
(How?) He sees into the plight - a view of each conscience
And reads into the mind, perusing each thought, when
Even dudes that lie, then move to keep cautious
Heed to ruthless crimes they do, then He hearkens
Peekin' through the blinds of fools in departments
Where evildoers hide in gloom and deep darkness
He knows the future, we see the point is certain since
All things happen by His pre-appointed purposes
Even on the earth was His knowledge so impassable
We see Jesus knowin' both the possible and actual
Whether boastin' in sin or holdin' it in
He'll expose in the end because hearts are open to Him
This theme's addressed in God's word
Observe Proverbs 15:11
Though He knows innocence, the vast and the minutia
He chose an affliction that evidenced true love
Witness omniscience - wrath fell on His true Son
Being crushed for sins, past, present and future

Chorus

Verse 3- Omnipresence (shai linne)

Question: Who is the real treasure and worth?
Answer: The Lord, who fills heaven and earth
God in His essence
Is infinite, transcendent, unlimited exhibited in omnipresence
All things before His eyes are laid bare
As He governs the earth and skies with great care
There's not one sector or section
that's undetected or left unaffected by His perfection
So I don't even need to smell the marijuana stench
To know my God is deeper than the Mariana Trench
The calculation is 36,000 feet
Below sea level- about 7 miles deep
If you got to the bottom without imploding from the weight
God would be waiting there saying, "Yo man, you're late"

In the farthest galaxies, my God has the glory
Because distance for God is a non-category
Amazingly, God is able to be
in Haiti and Greece, Jamaica and Sweden
Barbados, New Zealand, Lithuania, Egypt,
Malaysia, Tunisia and the Arabian Sea simultaneously!
Before Him everything is naked and exposed
That means there will be no escaping for His foes
God's presence in His wrath will torment the sinner in hell
But those who trust Christ- with them He will dwell
Forever

Triune Praise (remix)

Written by Shai Linne

Chorus

All praise to the Trinity!
One nature, Three Persons,
Mystery of Divinity
All praise to the Trinity!

All praise to the Trinity!
The same in Your essence,
distinct in Your ministry

I'll stand amazed for the rest of my days
Pouring out my heart in Triune praise

Verse 1

Praise God the Father, the Immortal Creator
For Your glory You made us, You're the Sovereign Orchestrator
All that You decree will most surely come to happen
You're awesome as can be and Your glory none can fathom
Nothing could ever stain You, the heavens can't contain You
We thank You for sending Your Son to explain You
Otherwise we would have remained in the dark
but You sent Your Holy Spirit to spark a change in our hearts
According to Your eternal purpose and will You determined to reveal
Yourself to those who deserve to be killed
Those of us whom You foreknew adore You
We praise You that You predestined us to be conformed to
The image of Your Son who's the radiance of Your glory
When I meditate on it, the weightiness of it floors me
So Father, we'll praise you over and over again
Because You sent Your only Son to atone for our sin!

Chorus

Verse 2

Praise God the Son, Second Person of the Trinity
You're distinct from the Father, yet You share in His divinity
Fulfilling an eternal covenant, You came through
To planet earth to save who? All the Father gave You

You became a man of sorrows, acquainted with grief
For the glory of Your Father, You extinguished the beef
That stood between us at the cross- the Father's anger released
The Shepherd slain for the sheep, the situation is deep
I can't find the right language to speak, in fact it's making me weep-
Just the thought of You saving this creep
You're risen from the dead, I still can't get this in my head
How the Judge could leave the bench and go to prison instead
Lord Jesus, You're amazing, Your bleeding is what saved men
It's the reason why we're praising, can't wait to see Your face
In the meantime, please help us to see You as colossal
And by the Spirit live lives that's worthy of the gospel

Chorus

Verse 3

Praise God the Holy Spirit, 3rd person of the Trinity
Distinct from Father and Son, yet share in Their divinity
Holy Spirit we praise You, You don't like the spotlight
You'd rather point away from Yourself and give props to Christ
And yet because You're God, You deserve veneration
And You're the One responsible for our regeneration
You apply the finished work of Christ to all the elect
Your call is effectual- You haven't lost one yet
You comfort us when sin and Satan and the world's got us bothered
And it's only by You that we cry out "Abba Father"
You're the Spirit of adoption, the Spirit of Truth
You graciously provide Your people with the gifts and the fruit
You help us kill sin and dis-attach us from our idols
If it wasn't for You, we'd never understand the Bible
Because You wrote it- For our life it will surely suffice
Amazingly, You do it all for the glory of Christ!

Chorus
